This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTION.

IT will probably answer every purpose for which this Introduction may be consulted if I simply repeat here, with such additions as may be necessary, what has already been printed in previous volumes containing these lists of the wills, &c., now preserved at the Probate Court, Chester.

By the publication of this volume, the seventh of the series, the list of the wills, inventories, and administration bonds now preserved at Chester is brought down to the year 1760. The previous volumes, with their respective numbers in the series of the Society's publications, are as follows:—Vol. II., Index to the Wills and Inventories at Chester, 1545 to 1620; Vol. IV., Index to the Wills and Inventories at Chester, 1621 to 1650; Vol. XV., Index to the Wills and Inventories at Chester, 1660 to 1680; Vol. XVIII., Index to the Wills and Inventories at Chester, 1681 to 1700; Vol. XX., Index to the Wills and Inventories at Chester, 1701 to 1720; and Vol. XXII., Index to the Wills and Inventories at Chester, 1721 to 1740. In the several introductions to these volumes an account will be found of the wills now preserved at the Probate Court, Chester, which it is not necessary to repeat here. The area over which the Bishop of Chester had at this time jurisdiction was the same as at the foundation of the see

of Chester, the whole of Lancashire and Cheshire, together with portions of Cumberland, Yorkshire, and Flintshire. But the district from which the wills in the following pages were derived consisted of Cheshire, part of Flintshire, and that portion of Lancashire to the south of the river Ribble, which flows through Preston. The wills from the rest of the diocese, including Lancashire to the north of the Ribble and those portions of Cumberland and Yorkshire included within the diocese of Chester, were proved at Richmond in Yorkshire before an official, the Commissary of Richmond, appointed by the Bishop of Chester, and subject to his supervision.

J. P. EARWAKER.

PENSARN, ABERGELE, NORTH WALES.

THE following points are commended to the attention of those using this book:—

1. In some cases inventories appear to have become detached from the original wills, and so have been placed in different bundles and indexed under different years. This list, however, being an alphabetical one, such cases will be speedily detected, and it will be easy to replace the inventories in their proper places.

2. Where the word "Inv" *occurs, it signifies that the deceased had most probably died intestate, and that an inventory of his goods had been filed and administration granted to his representatives. Where the word* "Admon" *occurs, it shows that an administration bond had been filed as well. In all other cases the wills themselves are extant, either with or without the accompanying inventories.*

3. It is to be noted that in the Probate Court of Chester the original *wills up to 1838 (and not official transcripts, as in many other Probate Courts) are those shown to enquirers.*

4. Owing to the original spelling of the wills having been followed in the M.S. Index, and allowing for possible misreadings, enquirers are particularly desired to search for any name bearing a resemblance to that they are looking for, as for example Leigh for Legh or Lee, Newall for Nowall, Houghton for Haughton, &c., &c. As far as possible this has been indicated by cross references in this list. Words now spelt with an i *then frequently had* y.

5. This list contains all the wills, inventories, and administration bonds now known to be preserved at the Probate Court, Chester, between the years 1741 and 1760 inclusive. It is in continuation of volumes 2, 4, 15, 18, 20, and 22 (Indices to the Wills and Inventories now preserved at Chester, 1545 to 1620, 1621 to 1650, 1660 to 1680, 1681 to 1700, 1701 to 1720, and 1721 to 1740), and will be followed by others, bringing the lists down to 1780, or possibly 1800.

6. In an Appendix will be found the list of all the wills, proved between 1741 and 1760, in which the amount of personalty was less than £40. These wills, which were proved in the Rural Deans' Courts, are generally called "INFRA" *wills, and there are none known of earlier date than 1660. They are kept distinct from the other wills, and when enquired for it is necessary to clearly describe them as being "Infra" and not ordinary wills.*

7. This volume alone, including the Appendix, is an Index to about thirteen thousand documents.

Report for the Year 1890-91.

Read at the Annual Meeting, held in the Audit Room of the Chetham Hospital, Manchester, December 4th, 1891.

OWING to the unexpected delay in completing Vol. XXI., no volumes have been delivered to the members since the Annual Meeting held on the 5th November, 1890. The two volumes for 1889-90, XXI. and XXII., are, however, now ready, and will be issued to the members within the next few weeks. Copies of both are now exhibited. Vol. XXI. is the first volume of the Registers of the parish of Leyland, near Preston. This volume, which has been edited by the Rev. W. Stuart White, M.A., senior curate of the parish, commences in 1622 and comes down to the end of the year 1710. The earliest volume of the Leyland Registers, which probably commenced about the year 1558, is now unfortunately lost, and the existing register only begins in 1653. A search in the Episcopal Registry at Chester has only brought to light seven official "transcripts" during the whole of the long period for which the Register is missing. These "transcripts" should have been regularly sent to the Bishop of the Diocese year by year, but the ordinance enforcing this was frequently neglected, and even when sent they were not well looked after or carefully preserved. It has therefore only been possible to print these transcripts for the following years: 1622, 1629, 1630, 1637, 1639, 1640, and 1641. The entries in these transcripts and in the Leyland Register, 1653 to 1710, are very voluminous and have filled a volume of over three hundred pages. Many of them are of much interest, and the Editor has enhanced their value by appending very full notes involving much trouble and research, but which add very greatly to the usefulness of the volume. Mr. White had intended to prefix a full Introduction, dealing at some length

with the history of the parish, the list of the vicars, the monumental inscriptions, and other matters; but the volume being already so large, this has been held over for another occasion.

Vol. XXII. is the Index to the Wills, Administrations, and Inventories now preserved at Chester, from 1721 to 1740, and has, like the previous Lists of Wills at Chester, been edited by Mr. J. P. Earwaker. By the publication of this volume the complete list of all the Wills, relating to Lancashire and Cheshire, known to be preserved at Chester, from the earliest date, 1545, down to the year 1740, is now in the hands of the members of the Society. The list extends to *six* printed volumes, and the total number of Wills and Administrations there indexed is nearly 110,000! The names being arranged alphabetically, it is now possible for anyone to ascertain what Wills, relating to any particular family, are now preserved at Chester, and that too without the necessity of a visit to Chester, and a laborious search through each year's Index in the Probate Registry there. The Council hope to continue the printing of these lists from time to time down to the year 1780 or possibly 1800. As pointed out in the last Annual Report, the example set by this Society has been and is being followed by many other Societies in various parts of England.

As already announced, the volumes for the year 1890-91 will be "the Lancashire Lay Subsidies," Henry III. to Edward I., by Mr. J. A. C. Vincent, and the first volume of the "Lancashire Royalist Composition Papers" (arranged alphabetically, A to F), edited by the Rev. J. H. Stanning, M.A., Vicar of Leigh. The method of arranging, and the value of this class of local records were described in the Report for 1887 in the following terms, which may be repeated here: "The simplest arrangement will probably be an alphabetical one, as that will bring the many scattered documents together under the name of the person to whom they relate. Much light is thrown by these records on the tyrannical and arbitrary means employed by those in authority in confiscating the property of the Royalists, and the hardships that the latter had to undergo. These Royalist Composition Papers, relating as they do to a period (1644 to 1652) of very great public interest, will make singularly valuable volumes for the history of both Lancashire and Cheshire, and will supply a mass of information entirely new, the very existence of which, up to a few years ago, was unsuspected." The printing of the Royalist Composition Papers has already commenced, and the Lancashire Lay

Subsidies is almost finished printing. The Council also propose to print shortly a volume of "Miscellanies," which will contain several records of much local value, to be selected from a number of documents such as Subsidy Rolls, Lists of Popish Recusants, &c., now in the hands of the Hon. Secretary.

The two books for the year 1891-92 will probably be the first volume of the Clitheroe Court Rolls, edited by Mr. A. J. Robinson and Mr. W. Ecroyd, and either the volume of "Miscellanies" or else "the Plundered Ministers' Accounts for Lancashire and Cheshire," to be edited by Mr. W. A. Shaw.

The following is the complete list of the Society's publications already printed or arranged for, up to the present time:—

1878–79.	I. Commonwealth Church Survey. II. Index to the Wills at Chester, 1545 to 1620.

1890–91.	XXIII. Lancashire Lay Subsidies. Vol. I. XXIV. The Royalist Composition Papers relating to Lancashire. Part I. A to F.
1891–92.	XXV. The Clitheroe Court Rolls. Vol. I. XXVI. Miscellanies, Lancashire and Cheshire. Vol. II.

The last four volumes are those now in hand.

Two volumes have been issued in each year, except on two occasions, when a single volume of more than average thickness was substituted for them.

In previous Reports attention has been directed to the various books which the Council hope to be able to issue in future years. Of these, perhaps the most important is the Index to the Raines MSS., now in the Chetham Library, Manchester, and to the Piccope, Palmer, Barritt, and other local MSS. there, which will form the first of a series of volumes, describing the contents of the various MSS. relating to Lancashire and Cheshire, now preserved in the different public libraries in the two counties. Mr. J. E. Tinkler, recently Librarian at the Chetham Library, completed the Index to the 45 folio volumes of the Raines MSS., but the Council have not as yet been able to have Indices made to the other MSS. in the Chetham Library, so as to form a complete record of the valuable MS. material for local history there preserved. When this is done, the volume will be printed and issued.

As already mentioned, the important Court Rolls of the great Honor of Clitheroe, co. Lancaster, have during the past few years been carefully examined by two members of the Society, Mr. A. J. Robinson, of Clitheroe Castle, and Mr. W. Ecroyd, of Burnley, who have kindly agreed to allow the results of their labours to be printed by this Society. The great quantity of material, and the trouble of making such selections as will show the true value of these ancient Rolls, are difficulties which had to be overcome, and as already announced the first volume, containing all the early rolls down to the time of Henry VIII., will be sent to the printer directly.

The Council hope to obtain permission to print the Early Marriage Licences relating to Lancashire and Cheshire, preserved in the Bishop's Registry, Chester, which begin in

1608. These Marriage Licences contain information of great genealogical value, which well deserves to be placed on permanent record. They are also of use in supplying the names of the local clergy who were authorised to celebrate these marriages.

As announced in the last Report, several important MSS. have recently been offered to the Council for publication, such as the "Plundered Ministers' Accounts" for Lancashire and Cheshire during the Civil War and Commonwealth period, to be edited by Mr. W. A. Shaw, M.A.; the early Registers of Whalley, co. Lancaster, commencing 1538, to be edited by Mr. W. A. Abram; and the Roll of the Freemen of the City of Chester, to be edited by Mr. T. Cann Hughes, B.A. These are before the Council, whose desire is to print such records as will be found of interest to the great majority of the members of the Society, rather than those which are likely to be of service to a few only.

It has also been decided by the Council to print the lists of the North Lancashire Wills subsequent to the year 1748, now preserved at the Probate Court, Lancaster. These will be in continuation of the two volumes of the "Lancashire Wills proved at Richmond," 1457 to 1748, issued by the Society a few years ago and edited by Lt.-Col. Fishwick. The President of the Probate Division of the High Court of Justice has granted permission to transcribe the existing Indices down to 1791, and this work will shortly be started.

The Society has lost many of its members by death and other causes during the past few years, and the Council wish to direct special attention to the fact that the number of members is now much below the 350 names, to which the Society is limited, and they are most anxious that this should be remedied. The volumes issued by the Society are of great value for the history of Lancashire and Cheshire, and the Council think it cannot be a difficult matter for the present members to interest their friends in a Society, which has done and is doing such good work.

☞ The Council must again refer to Rule 5, under which no volume can be delivered to any member whose subscription is in arrear.
